Safety Data Sheet

 Identification of the substance/mixture and of the company/undertaking Product identifier: Product name: Pristane SDS No. : B6054E-1
 Details of the supplier of the safety data sheet Manufacturer/Supplier: KISHIDA CHEMICAL CO., LTD. Address: 3-1, Honmachibashi, Chuo-ku,Osaka ,JAPAN Division: Safety Management Dept. of Chemicals Telephone number: +81-6-6946-8061 FAX: +81-6-6946-1607 e-mail address: kagakuhinanzenkanri@kishida.co.jp

 Hazards identification GHS classification and label elements of the product Classification of the substance or mixture Label elements No GHS label element No Signal word

3. Composition/information on ingredients Mixture/Substance selection: Substance Ingredient name:Pristane Content (%):95(min) Chemical formula:C19H40 Chemicals No, Japan:2-10 CAS No.:1921-70-6 MW:268.52 ECNO:217-650-8 Note : The figures shown above are not the specifications of the product.

4. First-aid measures

Descriptions of first-aid measures IF INHALED Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor/physician if you feel unwell. IF ON SKIN (or hair) Take off immediately all contaminated clothing. Rinse skin with water or shower. If skin irritation or rash occurs: Get medical advice/attention. IF IN EYES Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF SWALLOWED Rinse mouth.

Call a POISON CENTER/doctor/physician if you feel unwell.

i. Fire-fighting n	leasures
Extinguishing	
	tinguishing media
	e of fire, use foam, dry powder, CO2 to extinguish.
	extinguishing media
Indoo	r firefighting equipment or outdoor firefighting equipment
Sprin	ler equipment
Dry-p	owder firefighting equipment – except for phosphate etc.,hydrogen carbonate etc.
Strai	ht stream water extinguisher
Wate	mist extinguisher
Reinf	orcing liquid jet extinguisher
Dry-p	owder extinguisher – except for phosphate etc.,hydrogen carbonate etc.
Buck	t of water or tank of water
Advice for fire	fighters
Specific fir	e-fighting measures
Evacı	ate non-essential personnel to safe area.
Special pro	tective equipment and precautions for fire-fighters
	fire resistant or flame retardant clothing.
Wear	protective gloves/protective clothing/eye protection/face protection.
Firefi	hters should wear self-contained breathing apparatus with full face peace operated
positi	ve pressure mode.
6. Accidental rel	ase measures
Personnel pre	cautions, protective equipment and emergency procedures
Personnel pre Venti	cautions, protective equipment and emergency procedures ate area until material pick up is complete.
Personnel pre Venti Wear	cautions, protective equipment and emergency procedures ate area until material pick up is complete. proper protective equipment.
Personnel pre Venti Wear Environmenta	cautions, protective equipment and emergency procedures ate area until material pick up is complete. proper protective equipment.
Personnel pre Venti Wear Environmenta Preve	cautions, protective equipment and emergency procedures ate area until material pick up is complete. proper protective equipment. precautions
Personnel pre Venti Wear Environmenta Preve Methods and	cautions, protective equipment and emergency procedures ate area until material pick up is complete. proper protective equipment. precautions nt spills from entering sewers, watercourses or low areas.

See "10.Stability and Reactivity"

Storage

Conditions for safe storage Keep container tightly closed. Store in a cool, dry place. Do not store in direct sunlight. Container and packaging materials for safe handling Glass Polyethylene

8. Exposure controls/personal protection

Control parameters
Exposure controls
Appropriate engineering controls
Do not use in areas without adequate ventilation.
Eye wash station should be available.
Washing facilities should be available.
Individual protection measures
Respiratory protection
Wear respiratory protection.
Hand protection
Wear protective gloves.
Eye protection
Wear eye/face protection.

9. Physical and Chemical Properties

Information on basic physical and chemical properties Physical state: Liquid Color: Colorless to slightly pale yellow Odor data is not available. Melting point/Freezing point data is not available. Boiling point or initial boiling point data is not available. Boiling range data is not available. Flammability (gases, liquids and solids) data is not available. Lower and upper explosion limit/flammability limit data is not available. Flash point: (Pristane)>110°C Auto-ignition temperature data is not available. Decomposition temperature data is not available. pH data is not available. Kinematic viscosity data is not available. Solubility: Solubility in water: Insoluble n-Octanol/water partition coefficient data is not available. Vapor pressure data is not available. Density and/or relative density: 0.78 Relative vapor density (Air=1) data is not available. Particle characteristics data is not available.

10. Stability and Reactivity
Reactivity
Not available.
Chemical stability
Stable under normal storage/handling conditions.
Possibility of hazardous reactions
Not available.
Conditions to avoid
Contact with fire source.
Incompatible materials
Not available.
Hazardous decomposition products
Carbon oxides

11. Toxicological Information
Information on toxicological effects
Acute toxicity data is not available.
Irritant properties
Skin corrosion/irritation data is not available.
Serious eye damage/irritation data is not available.
Allergenic and sensitizing effects data is not available.
Mutagenic effects data is not available.
Carcinogenic effects data is not available.
Reproductive toxicity data is not available.
STOT
STOT
STOT
STOT-single exposure data is not available.
Aspiration hazard data is not available.

12. Ecological Information
Ecotoxicity
Ecotoxicity data is not available.
Persistence and degradability
Persistence and degradability data is not available.
Bioaccumulative potential
Bioaccumulative potential data is not available.
Mobility in soil
Mobility in soil data is not available.
Other adverse effects
Ozone depleting chemical data is not available.

13. Disposal considerations

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging Waste treatment methods

Dispose of contents/container in accordance with local/national regulation.

14. Transport Information

UN No. or ID No.: Not applicable
Not applicable to IMDG Code
Not applicable to IATA Dangerous Goods Regulations
Environmental hazards
MARPOL Annex III – Prevention of pollution by harmful substances
Marine pollutants (yes/no) : no

15. Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture Chemicals listed in TSCA Inventory

Pristane

Other regulatory information

Ensure this material in compliance with federal requirements and ensure conformity to local regulations.

16. Other information

Reference Book Globally Harmonized System of classification and labelling of chemicals, UN Recommendations on the TRANSPORT OF DANGEROUS GOODS 21th edit., 2019 UN IMDG Code, 2018 Edition (Incorporating Amendment 39–18) IATA Dangerous Goods Regulations (62nd Edition) 2021 2020 EMERGENCY RESPONSE GUIDEBOOK (US DOT) 2021 TLVs and BEIs. (ACGIH)

Supplier's data/information

General Disclaimer

This data sheet was created based on the information we currently have and may be revised according to new information. In addition, the precautions apply only to normal handling, and in the case of special handling, please make adequate countermeasure to maintain your safety.

The data given here is based on current knowledge and experience. The purpose of this Safety Data Sheet is to describe the products in terms of their safety requirements. The data does not signify any warranty with regard to the products' properties.

The GHS classification data given here is based on current Japan official data (NITE published in 2019).
