# Safety Data Sheet

 Identification of the substance/mixture and of the company/undertaking Product identifier: Product name: Cyclopropyl(pyridin-2-yl)methanamine dihydrochloride Product code (SDS NO): PK04476E-2 Relevant identified uses of the substance or mixture and uses advised against Research and Development Details of the supplier of the safety data sheet Manufacturer/Supplier: KISHIDA CHEMICAL CO., LTD. Address: 3-1, Honmachibashi, Chuo-ku,Osaka ,JAPAN Division: Chemical Safety Management Department Telephone number: +81-6-6946-8061 FAX: +81-6-6946-1607

2. Hazards identification

GHS classification and label elements of the product Classification of the substance or mixture

(Note) GHS classification without description: Not classified/Classification not possible Label elements

No GHS label element No Signal word

3. Composition/information on ingredients

Mixture/Substance selection:

Substance Ingredient

Ingredient name: Cyclopropyl(pyridin-2-yl)methanamine dihydrochloride Content (%): -Chemical formula: C9H12N2•2HCl CAS No.: 1228880-19-0 MW: 221.13

4. First-aid measures

Descriptions of first-aid measures

**IF INHALED** 

Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

IF ON SKIN (or hair)

Take off immediately all contaminated clothing. Rinse skin with water/shower.

If skin irritation or rash occurs: Get medical advice/attention.

IF IN EYES

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

## IF SWALLOWED

Rinse mouth. Call a POISON CENTER or doctor/physician if you feel unwell.

5. Fire-fighting measures										
Extinguishing media										
Suitable extinguishing media										
Use appropriate extinguishing media suitable for surrounding facilities. Unsuitable extinguishing media data is not available. Advice for firefighters Specific fire-fighting measures Evacuate non-essential personnel to safe area. Special protective equipment and precautions for fire-fighters Wear fire/flame resistant/retardant clothing. Wear protective gloves/protective clothing/eye protection/face protection. Firefighters should wear self-contained breathing apparatus with full face peace operated positive pressure mode.										
					6. Accidental release measures					
					Personnel precautions, protective equipment and emergency procedures					
					Ventilate area until material pick up is complete.					
					Wear proper protective equipment.					
					Environmental precautions					
					Prevent spills from entering sewers, watercourses or low areas.					
					Prevent spins from entering sewers, watercourses or low areas.					
					Methods and materials for containment and cleaning up					
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion)										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking. (Exhaust/ventilator)

Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking. (Exhaust/ventilator) Exhaust/ventilator should be available. (Safety treatments) Avoid contact with skin. Avoid contact with eyes. Safety Measures Wear protective gloves, protective clothing or face protection. When using do not eat, drink or smoke. Any incompatibilities See "10.Stability and Reactivity"										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking. (Exhaust/ventilator) Exhaust/ventilator should be available. (Safety treatments) Avoid contact with skin. Avoid contact with eyes. Safety Measures Wear protective gloves, protective clothing or face protection. When using do not eat, drink or smoke. Any incompatibilities See "10.Stability and Reactivity" Storage Keep container tightly closed.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking. (Exhaust/ventilator) Exhaust/ventilator should be available. (Safety treatments) Avoid contact with skin. Avoid contact with eyes. Safety Measures Wear protective gloves, protective clothing or face protection. When using do not eat, drink or smoke. Any incompatibilities See "10.Stability and Reactivity" Storage Keep container tightly closed. Store in a cool, dry place. Do not store in direct sunlight.										
Methods and materials for containment and cleaning up Sweep up, place in a bag and hold for waste disposal. Preventive measures for secondary accident Collect spillage. 7. Handling and storage Precautions for safe handling Preventive measures (Protective measures against fire and explosion) Keep away from heat/sparks/open flames/hot surfaces. – No smoking. Safety Measures Wear protective gloves, protective clothing or face protection. When using do not eat, drink or smoke. Any incompatibilities See "10.Stability and Reactivity" Storage Keep container tightly closed.										

8. Exposure controls/personal protection

Exposure controls

Appropriate engineering controls

Do not use in areas without adequate ventilation.

3/5

Eye wash station should be available. Washing facilities should be available. Individual protection measures Respiratory protection Wear respiratory protection. Hand protection Wear protective gloves. Eye protection Wear eye/face protection. 9. Physical and Chemical Properties Information on basic physical and chemical properties

Physical state, Color: light pink solid. Odor is not available. Melting point/Freezing point data is not available. Boiling point or initial boiling point data is not available. Boiling range data is not available. Flammability (gases, liquids and solids) data is not available. Lower and upper explosion limit/flammability limit data is not available. Flash point data is not available. Auto-ignition temperature data is not available. Decomposition temperature data is not available. pH data is not available. Kinematic viscosity data is not available. Solubility: Solubility in water data is not available. n-Octanol/water partition coefficient data is not available. Vapor pressure data is not available. Density and/or relative density data is not available. Relative vapor density (Air=1) data is not available. No Particle characteristics data is not available.

# 10. Stability and Reactivity Reactivity N.A. Chemical stability Stable under normal storage/handling conditions. Possibility of hazardous reactions N.A. Conditions to avoid Contact with incompatible materials. Contact with fire source. Incompatible materials Strong oxidizing agents Hazardous decomposition products Carbon oxides, Nitrogen oxides, Chlorine, Hydrogen chloride

Toxicological Information
 Information on toxicological effects
 Acute toxicity data is not available.
 Irritant properties
 Skin corrosion/irritation data is not available.

Serious eye damage/irritation data is not available. Allergenic and sensitizing effects data is not available. Mutagenic effects data is not available. Carcinogenic effects data is not available. Reproductive toxicity data is not available. STOT

STOT-single exposure data is not available. STOT-repeated exposure data is not available. Aspiration hazard data is not available.

12. Ecological Information	
Ecotoxicity	
Ecotoxicity data is not available.	
Persistence and degradability	
Persistence and degradability data is not available.	
Bioaccumulative potential	
Bioaccumulative potential data is not available.	
Mobility in soil	
Mobility in soil data is not available.	
Other adverse effects	
Ozone depleting chemical data is not available.	
13. Disposal considerations	

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging Waste treatment methods Dispose of contents/container in accordance with local/national regulation.

14. Transport Information

Not applicable to UN No., UN CLASS
Not applicable to IMDG Code
Not applicable to IATA Dangerous Goods Regulations
Environmental hazards
MARPOL Annex III - Prevention of pollution by harmful substances
Marine pollutants (yes/no) : no

# 15. Regulatory Information

Other regulatory information Ensure this material in compliance with federal requirements and ensure conformity to local regulations.

### 16. Other information

The product is not applicable to GHS classifications.

Supplier's data/information

**General Disclaimer** 

This data sheet was created based on the information we currently have and may be revised according to new information. In addition, the precautions apply only to normal handling, and in the case of special handling, please make adequate countermeasure to maintain your safety.

The data given here is based on current knowledge and experience. The purpose of this Safety Data Sheet is to describe the products in terms of their safety requirements. The data does not signify any warranty with regard to the products' properties.

The GHS classification data given here is based on current Japan official data (NITE published in 2020).
